Help!

Our goal is to make this mapping application as easy to use as possible, but if you have any questions beyond what is outlined in this document, please feel free to call the Green County Treasurer's Office / Land Information Office at 608-328-9435.

Basic Map Controls and Navigation
	Zoom Slider	Click these buttons to zoom in/out. Or, alternatively, use the mouse wheel.
	Mouse/Cursor	Click and hold to "grab" the map and push/pull to re-center the view.
	Home	Restart map at original scale.
Location Search	Location Search	Zoom to an address, parcel, or public place.
	Swipe	Compare and overlay elevation map (DEM) and background imagery.
	Location Bookmarks	Save and name precise locations in a list, allowing user to return during the active session.
	Select by Buffer	Create a "buffer" of specified distance, and extract a list of intersecting parcels.
	Layer List	Turn on/off the available layers. Note: the arrows to the left of each layer signify additional content (a dropdown).
	Basemap Gallery	Select the background image from a variety of sources.
	Query	Search layers for specific information. For example, locate a certain Certified Survey Map.
	Select	Select features on the map to export CSV list, calculate basic stats, or create temporary layer.
	Draw	Allows user to "mark-up" the map with points, lines, polygons, text, et cetera.
	Measure	Measure distances and areas on the map.
	Legend	Provides a key to what is currently being shown on the map.
	Print or Save Map	Print the map at home or save a copy as a PDF.
