1. Bearings are referenced to the E. line of South Main Street, which was assumed to bear N2°12'56"E.
2. I found a copy of the Plat of Survey shown as prepared by D. William Karns in a file supplied to me by Ekum Abstract.
3. I found no recorded information as to the right-of-way width of South Main Street at this location. I computed a straight line from the NW corner of Lot 4 of Lewis Addition, to the 5/8" iron rod I found under the concrete sidewalk at the NW corner of O.L. 92.
