NOTES:

- Bearings and distances shown in parenthesis, indicates recorded as data.
- Bearings are referenced to the N. line of the NE 1/4 of Section 34, which was assumed to bear East.
- The 2 septic vents shown on Parcel A: of this survey are of the septic system for the house of Parcel #23-10-320.0.
- The right-of-way width of Clarno Road is shown on the Plat of North Clarno to be 50' wide and the Certified Survey Map No. 248 shows the right-of-way to be 66' wide. I held the easterly right-of-way width to be 25' wide for the width of Block 1.
- This Plat of North Clarno was reestablished and prorated by using the existing Certified Surveys as shown, the called for iron stake in Warranty Deed to Brian J. Reed from David M. Hurlbert, recorded in Volume 514, on Page 59 as Document No. 357658 and by existing field evidence found.
- This is a round wooden fence post that has been in this location for at least 40 years according to the owner of Parcel # 23-10-320.0. This owner has stated that this is not the existing post as they replaced the original fence post with a new one in the same location. This location does fit with the existing terrain as to be the accepted lot line location.
