### NOTES:

- Bearings and distances shown in parenthesis, indicates recorded as data.
- Bearings are referenced to the North line of the NE 1/4 of Section 35, which bears S89°36'34"E, according to the Green County Coordinate System, as defined by the Wisconsin Department of Transportation and determined by GPS observation, 2007 Adjustment.
- There seems to be an overlap between the Hillside Acres and Ladwig Addition Subdivision Plats as graphically shown. I found the existing monumentation as was set by Surveyor Harvey Elmer for the Hillside Acres Plat and held these points as controlling for this survey.
