LEGEND:

-  Cast Aluminum monument found.
-  3/4" X 24" solid round iron rod set, weighing 1.50 lbs per lineal ft.
-  Partially down fence line.

NOTES:

1. Bearings shown in parenthesis, indicates recorded as data.
2. Bearings are referenced to the E. line of the SE 1/4 of Section 19, which bears S1°05'34"E, according to the Green County Coordinate System, as defined by the Wisconsin Department of Transportation and determined by GPS observation.
3. The Center of Section was previously established by County Surveyor A.L. Cleveland, possibly in the year of 1867 as filed in the County Surveyor Records Book 1, on Page 281. The field notes on this page are not complete and it was hard to determine how he set the Center of Section. Due to the assumed time frame when this work was completed, I established the Center of Section as straight lines from the 1/4 corners.
